

**In the Specification:**

*On page 1, prior to line 1, please insert the following heading and paragraph:*

**--Cross Reference to Related Applications**

This application is for entry into the U.S. national phase under §371 for International Application No. PCT/IB03/002184 having an international filing date of June 10, 2003, and from which priority is claimed under all applicable sections of Title 35 of the United States Code including, but not limited to, Sections 120, 363 and 365(c).--

*On page 11, please amend the paragraph beginning at line 7 as follows:*

--It is further an advantage of the invention that it is easy to implement. The proposed attenuation can be achieved with an external attenuator in a receiver chain of the receiver or with an integrated AGC (Automatic Gain Control) functionality in a receiver chain of the receiver. In a GPS receiver, for instance, such an AGC functionality is already ~~build-in~~ built-in.--
